TVT E-127 ESP. BANDEJAS TECHNICAL DATA SHEET

PROPERTIES	VALUE	UNIT
Standard width(s)	1000, 1250	mm
Thickness	0,11	Mm
Weight	220	gr/m ²
PTFE content	48	%
Tensile strength	1200	N/5 cm
Temperatura resistance	260	°C

This line combines quality glass fabrics with medium level of PTFE coating to achieve cost effective performance for mechanical applications such as heat-sealing, release sheets, belting. These products can be used in direct contact with food.
